

# 42" Interactive LCD with LED Backlight

#### Multi touch enabled

The 10-point multi touch in are precise and enhance collaboration.

#### Easy port for Second Teacher/Presenter

Easy port situated on the side of the display allows an easy access to the ports so that a second teacher or presenter can easily get connected to the display and is ready to share.

# Ultra Durable product

30000 hours of life with the use of commercial panel and metal chasis makes MTC interactive touch display one of the most durable displays in the market.

### Touch interactive on Demand

With a touch of a button on remote control, the presenter can control when he wants the screen to be touch enabled and when not.

# HD technology for Vivid Images

MTC interactive touch displays are available with HD technology, which offers better resolution, and color fidelity. The HD technology in the displays helps you to be future ready, when the content will be HD and the current content will look good on HD displays.

#### Ambient Light Sensor(ALS) for long life

ALS enhances the life, as it helps the display to adjust its brightness based on the ambient light of the room. This also helps the viewers as they do not strain their eyes while watching the display.

# Anti Reflective Glass for Clear Vision

Displays come with anti reflective glass. This improves the efficiency since less light is lost and it helps participants to see the display clearly without any reflection of ambient light.

# Plug and Play for ease of use

MTC interactive touch displays are HID compliant and work with any platform: PC, Mac, Android and iOS.

#### Freeze Image

The presenter can use Freeze Image function to toggle between lessons and files to select for sharing without participants seeing the content. This is a mandatory function required by every presenter in this day of collaboration.

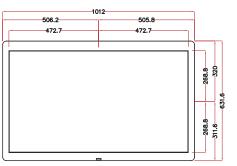

# Auto Signal Detection Technology (ASDT) for Green technology

MTC interactive touch display saves electricity as it switches on or off automatically by sensing signal input to the display. This feature makes them the best in class green technology product.
