4K P-cap Interactive Touch Display
Narrow Bezel Design

Upgrade the touch display with an OPS PC

MTC 4K Interactive Touch Display adopts Projected Capacitive Touch Technology (P-Cap), allowing more accurate and flexible operation. It helps to enhance the presentation experience in conferences, large audience-based seminars and events. The narrow bezel design offers a seamless viewing experience to captivate your audience.

Features:

- Narrow bezel design.
- UHD technology to deliver vivid images.
- Plug & play enables easy usage with any device/operating system: PC, Mac, Android and iOS.
- 10 points (in Andriod) & 20 points (in Windows 10) multi-touch and P-Cap touch technology enable superb collaborative and interactive experience.
- The optional Open Pluggable Specification (OPS) allows users to easily operate an interactive presentation and collaboration. It is compatible with Microsoft Windows or other OS. With OPS, users can download any software or application without connection to any external computer or device.
